## About our Portraits

Hello! Portraits with us can be taken either in our studio located in Otumoetai (Tauranga) or on location, wherever you choose.

In our studio we offer a variety of backdrops and coloured gels along with professional studio lighting. We can produce high-key and low-key portraits, or more classic styles with a grey muslin backdrop.

## Time allocation

The pricing here is for both indoor and outdoor portrait sessions. The base time allocated is 1 hour, which is generally plenty.

**For Indoor sessions**, the 1 hour is mostly spent photographing, and shuffling people and equipment between shots. There is a facility to check makeup, hair and clothing, but to ensure as much time as possible in front of the camera, it is best to have most of that done before you arrive!

**For Outdoor sessions**, things are a little different. For most locations, there will be no charge for traveling within 15 minutes or Tauranga. However if the destination is at the top of Mount Maunganui (for example) we will need extra time available because of the moving and walking from location to location and setting up the composition that we all want.

## What photos do I need?

This can be worked out fairly easily. Think about those being part of the portrait session.

What sub-groups do you want? A full family? Children only? Dad and Daughter only? Granddad and Grandma with the family?

Do you want an individual portrait of each family member as well?

Do you want different background and lighting styles? Do you want to do artistic high-key/low-key shots? The easiest way is to use the Internet and talk to us before the date to have a plan.

## Price list

Pricing is made up of **1) Photography Session** time, **2) the number of Images Processed** and **3) Prints**.

You decide on the number of images you would like delivered from the photo session. Discuss with us to plan what you need!

**1) Photography Session:** \$200 for first hour  
\$100/hr thereafter
